

A&E Fire Equipment Ltd Press Release
A&E continues its support for the County Air Ambulance
03.11.06

A&E are proud to continue its support of the County Air Ambulance. A&E marked its support of the Air Ambulance when it attended the launch of A&E's new fleet of VW Transporters at its fire protection head quarters at Staverton Airport.

The support highlights the continued effort of the Air Ambulance to protect lifes against the risk of fire.

“The Air Ambulance and our compnay cover the same geographical area and we can see how often the helicopter is called into service.” Said Dene Stallard, Managing Director of A&E Fire Equipment. “Anything that can assit with decreasing the amount of time victims can be treated in is vital. At A&E we know the devatsing affects fire can have on lifes. Our support to the Air Ambulance is very important to us all at A&E Fire Equipment Ltd.”

The Air Ambulance has provided a unique pre hospital emergency care since may 1991, and has helped thousands of patients. Providing immediate accident response to hard to reach locations and safe spee travel to hospitals throughout the South West and West Midlands.

How You Can Help

The County Air Ambulance is supported by a registered charity. The Air Ambulance would not be able to fly without its support. Donations from the public and industry are welcome to continue the maintenance and operation of the helicopter.
